

The Park - Cascais Residences | Under Construction | Aldeia de Juzo, Cascais

About

This commitment to sustainability and well-being is reflected in the award of the Well Residences pre-certification, a worldwide recognition of excellence in quality of life.

From large terraces to private gardens, the typologies range from ground floor T2 and T3 in the Garden category to T2+1 and T3+1 duplexes in the Terraces category, where the double-height social areas and panoramic solariums provide a sense of freedom and connection with the outdoors.

Located just a short distance from the centre of Lisbon, it enjoys excellent access. Nearby you'll find a wide range of cultural, gastronomic, school, sports and leisure centres, as well as high-quality health infrastructures.

The project promotes a dynamic and healthy lifestyle, but also values mobility and sustainability. It is a space where family life and socialising are encouraged, providing an ideal environment for those looking for the perfect balance between nature and modern life.

Energy efficiency

Energy Rating is an index of thermal performance of a building, indicating the levels of heating and cooling in winter and summer buildings that achieve energy rating A or B are more comfortable to live in and have lower energy bills.
